Field of the Invention The present invention relates to an image recording apparatus for a color image forming apparatus. 2. Description of the Related Art A color image forming apparatus includes a fixing apparatus that fixes a color image onto a recording material (for example, Japanese Patent Application Laid-open No. 2012-105586). This fixing apparatus includes a fixing belt to heat and fix a toner image transferred to a sheet. The fixing belt is a belt body that includes a resin belt (hereinafter, “the inner layer belt”) and an elastic belt (hereinafter, “the outer layer belt”) around the outer periphery of the resin belt. With this structure, the inner layer belt and the outer layer belt are supported by the fixing roller in which the peripheral surface is formed of a low-heat-resistant material. With this structure, when the fixing belt passes through a nip between the fixing roller and the press roller, the low-heat-resistant material of the fixing roller may possibly be deformed or damaged. The damage to the fixing roller may possibly cause a deformation of an inner surface of the resin belt. If a deformed portion of the resin belt remains, it may possibly cause the deformation of the outer layer belt during the operation of the fixing belt. Thus, the fixing belt may be disassembled in a state where the deformed portion of the resin belt is not removed. Further, if the deformed portion of the resin belt remains, the deformed portion may possibly become a defect on the belt surface. Thus, the fixing belt may become unusable. My favorite night of TV lately has been “Jane the Virgin” on The CW, where a show that gets snarky about Americans becoming Latina is about a first-generation American who barely knows English, and tries to be a good mom to her growing family of teenagers, while her dad who abandoned her and her sister, and a third sibling, marries his secretary who also happens to be pregnant. The show is a total blast. But my favorite line there is probably one where Jane’

PC.Q: Query number of lines
displayed on a webpage I am
attempting to make a query
on the lines that appear on a
webpage - so if a page
displayed 3 lines then i want
to update my database. This
is my current code: \$page =
@file_get_contents("");
\$lines = explode(" ", \$page);
\$queries = array();

```
foreach($lines as $line){
    $pattern = '/\//'; $strtowhite
    = preg_replace($pattern, '',
    $line); $queries[] = $line; }
foreach($queries as $line){
    $pattern = '/\//'; $white =
    preg_replace($pattern, '',
    $line); $pattern = '/^(.*?)(\//)';
    $strtowhite =
    preg_replace($pattern, '',
    $white);
    if(strlen($strtowhite) >=
```

```
350){ $queries[] =  
$strtowhite; } } I get the  
$page variable by the  
xmlhttprequest chrome  
plugin or look up requests -  
so it works. I then explode  
the $page variable by , and  
then add it to an array. I  
then run a foreach loop on  
the array and put all the  
lines in the array into the  
database query. So now

Where did it go? Search Download from "full game" box. Downloads from "dlc" box. A new release will download in background. I'm thinking of purchasing

Total War - Total War: Attila, but I can't find a release date and the price seems to be 100% to the minimum. I think it may take the place of Total War: Medieval 2, a game I got a long time ago. Thanks in advance.

A: To get a date, you can either wait until it shows up as an open-source game, or check the

Steamworks website. Photos: Inter Milan 0-3

Juventus Inter Milan have signed a new four-year contract with last season's Serie A champions Juventus which will keep them at the Turin club until 2017. Inter spent €35 million to sign Ricardo Kaka from AC Milan in January and have not had much success in their first season in the Italian top-flight. Inter finished 11th in Serie A last season and have not won the title since the 1994-95 season. Coach

Andrea Stramaccioni has taken the reins this season and guiding Inter to 17th place in the league standings. The Nerazzurri hope Kaka can lead them back to title contention, but he will miss the first six weeks of the new season because of a foot injury.

Alvaro Morata put a contract offer before them in January that they turned down, but Kaka's new deal was announced today. Kaka's new deal will be worth €4.4 million per year and it is likely that he will join

US-based club New York Red Bulls before the transfer window closes. Inter are also expected to sign Argentine striker Mauro Icardi from Palermo. The present invention relates to an adapter for a new engine type designed on the basis of laser-assisted fuel injection and a method of manufacturing the same. The adaptation of the newer engine type to a diesel engine is a standard practice, although it is not free from problems. As disclosed in Japanese Patent Application Laid-open Publication No. 62-150838, it is known that a plug-shaped molding member, on which fuel injection holes are formed, is embedded in a cylinder head.

This permits to arrange the fuel injection holes of the head in a desired area. It is also known to make a cylinder head
